Alarm maintenance

Alarm response squad

We can provide you and your family with high technology and friendly, reliable service that is available 24 hours a day. Security patrols will respond immediately to your emergency.

Cameras

High Performance colour or black & white surveillance cameras and monitors at a cost effective price.

Web cam monitoring for home and office.

Doors & windows

Glass break sensors, otherwise known as reed switches, may be installed on windows and doors.

Vehicle tracking

The whereabouts of your vehicles can be tracked around the clock. This aids speedy recovery of stolen vehicles.

Boat alarms

Theft of boats and nautical equipment is increasing in Townsville. Boat alarms protect your valuable investment.

Personal safety

A wide variety of fixed or portable panic buttons can be installed to alert our 24 hour monitoring station of a medical emergency or duress situation.

Access controls

Extra Keypads to enable operation of your alarm system from your main exit and entry points and other selected locations. Remote controls allow easy operation with just a touch of a button.

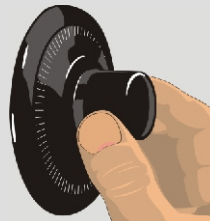

Fire

Smoke detectors and heat sensors can be installed to activate your alarm system if heat or smoke is detected.

Safes

- House safes/Safe alarms
- In ground Safes
- Security safes
- Fire resistant safes
- High security torch and drill resistant safes

Sensors

Motion sensors are installed to detect intruders in particular areas of your home or business. We have effective solutions to cater for pets and extreme environments

Surveillance

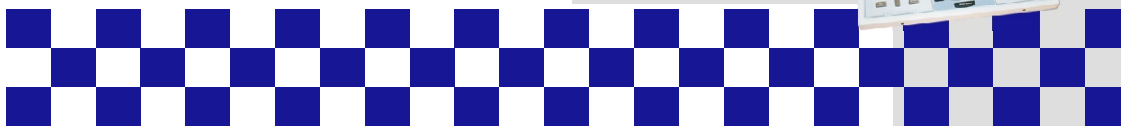

We can install sophisticated surveillance equipment for indoor and outdoor applications. Dome Cameras, concealed cameras, web cameras, controllers, recording devices and monitors.
